KEY SKILLS AND ACHIEVEMNTS

- **Communication:** Working in fast paced environments such as a restaurant I am aware of the importance of communication and am confident in my ability to work in groups as well as solo.
- **Tech-Savvy:** Competent in almost all platforms and OS systems (Windows, MacOS, Linux) as well as navigation and operation via terminals.
- **Health and Safety:** Being present in the labs for a large portion of my degree I am familiar with completing risk assessments and am aware of health and safety concerns in an environment.
- **Diligent:** Completing tasks quickly and to a presentable standard is a skill I am proud of and feel once I am introduced to a task and am aware of what is expected of me, I can fill any position as was the case at my previous employment where I would complete and fill a range of tasks and roles.
- **Fast Learner:** Competent in a wide range of digital and analytical skills including the Microsoft office Suite (Word, Excel, Publisher, PowerPoint, etc.), Adobe Creative Suite (Photoshop, Premiere, etc.) as well as coding languages (Python, HTML, CSS, SQL) and am keen and driven to learn more
- **Qualified Driver:** B, Cars

PROFESSIONAL EXPERIENCE

KP/Waiter

T.G.I Fridays - Cheshire Oaks

October 2019 to December 2019

Worked for a short while at TGI's before having to leave due to commitments with school and final exams. However, during this short time, I learnt and developed many skills in both teamwork and independence while working to serve meals, maintain tables, interact and maintain relationships with both customers and employees as well as complete any odd tasks. This led to a maturity of my communication skills and an increased competency in tackling fast paced, multitask situations

Barista

Starbucks – Cineworld Valley Centertainment

September 2022 to Ongoing

Currently working as a barista where I'm expanding on my teamwork and quick-thinking skills working in a high paced environment. Here I'm developing problem solving and customer relation abilities to provide a pleasant experience and uphold the Starbucks image. Often assisting the managers and Team Leaders/ Supervisors in their respective responsibilities I'm attempting to adapt my leadership skills.

EDUCATION

BSc	Physics (University of Sheffield) 2019-2022
	Research project based in chaotic systems and analysing positional data
3 A Levels	Maths, Physics, Chemistry (2019)
10 GCSEs	Including Maths, English, Computer science and 7 more (2017)
